*How did you make that?
What tools did you use?
Where did you get that idea?
Ask away!*

SHARING KNOWLEDGE
is what Maker Faires are all about!

The Betty Brinn Children's Museum presents Maker Faire® Milwaukee to introduce the community to the global Maker Movement, a powerful influence on education, workforce training and economic opportunity, and a driving force in the development of technology and tools that are shaping how we will live, work and learn in the future.

WHAT CAN YOU DO AT OUR 6TH ANNUAL FAIRE?

- 1. Field trip reservations available for students in grades 4-12**
 - Early bird discounts available now! Contact us at education@makerfairemilwaukee.com
- 2. Talk to Makers**
 - Tech enthusiasts, artisans, engineers, hobbyists, entrepreneurs, inventors and do-it-yourselfers of all ages
- 3. See 3D Printers, Robots and other Technology at Work**
- 4. Solder, Sew, Make an Electric Circuit and More**
- 5. Learn about Emerging Fields in Higher Education and Industry and In-Demand Maker Skills**
- 6. Visit the Education Makerspace**
 - A resource area for teachers, schools, parents and others who want to learn more about making in education
